work experience

Freelance Frontend Developer   August 2018 - Present

Wordpress Dev Intern at **Best4u Development**   Chisinau, Moldova
                                                      May - August 2019

I've built responsive, animated, mobile-first Wordpress themes and WooCommerce websites using HTML, SCSS, Vanilla JS and PHP.

Photographer, Graphic Designer & **Videographer**   2014 - Present

I've created a sizeable library of photography, vector and footage content for some of the largest microstock agencies (Shutterstock, Adobe, Getty etc.)

QA & **Data Entry** at **PitechPlus**   Cluj-Napoca, Romania
                                                         2011 - 2013

I've tested and wrote bug reports for agricultural, health and banking web apps. Responsible for migrating content to the new websites of Musée du Louvre and Banque de France using Drupal and Magento.
